MINDEN KINSMEN CLUB HOST OVERSEAS VISITORS AT WAGON WHEEL

Some 50 members of Member associations of the World Council Convention last week in Edmonton, Alberta were on a three week tour of Canada hosted by Kinsmen Clubs and are to visit Expo before leaving for their home lands, sometime next week.

The Association of Kinsmen Clubs, an all-Canadian group is one of the member associations of World Council. Other service clubs in the council include Round Tables of Europe, Great Britain, Africa, Asia, South America and New Zealand. Apex clubs of Australia and Asia active 20-30 International of the U.S.A. Central and South America.

This group, tour no. 4, of nine different tours, arrived here in

Minden from Peterborough, after refreshments and dinner, the group headed for Algonquin Park and were scheduled to stay in Bracebridge Friday night.

The overseas visitors came from England, Ireland, Scotland, Kenya, Uganda, South Africa, France and Belgium.

Past President and former Deputy Governor, Lyle McKnight of the Minden Club welcomed the visitors on their arrival, along with many of the other Kinsmen and their wives.

David Forester of England, who was the group speaker for the day, thanked the Minden Club on behalf of the touring visitors for a very enjoyable time.

SEPTEMBER MEETING OF MINDEN W.I.

The first fall meeting of Minden Womens Institute was held at the home of Mrs. J. O'Neil with Mrs. P. Clarke, the president, in the chair. The ladies sang O-Canada and the Ode and repeated the Mary Stewart Collect.

Mrs. H. Steven gave a very interesting paper on the His-

tory of Agriculture from the pioneer days until the present time in this part of the country.

Arrangements were made for the card party on October 6 at the Orange Hall.

After some discussion it was decided to leave our bus trip until next spring as so many had gone to Expo.

Meet The Provincial Candidates

With election only 19 days away the three candidates in this riding fighting for the Parliamentary seat in Toronto, are starting to step up their campaigns.

NDP Candidate Mervyn Everall of Lindsay, graduate of the University of Toronto and also a graduate in Theology is certainly a bright up and coming figure for his party. Mr. Everall

county and son of former MP Clayton Hodgson of Haliburton Glen has gained much experience over the past years and is looking forward to serving the people in this riding once again.

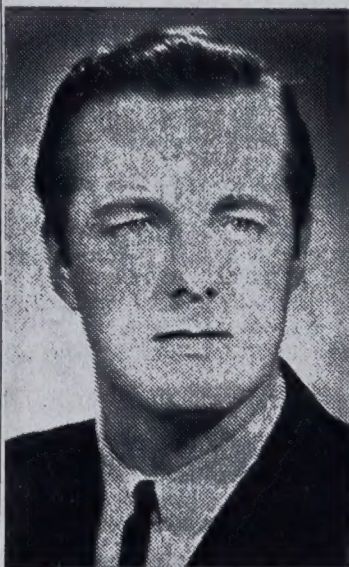

the south. He has run a very successful beauty salon in Lindsay and Bobcaygeon for many years. He, like Mr. Everall is a new face in politics at the Provincial level.

It would be interesting come October 17th to see who is the winner, for a full run-down on all candidates, the Progress will give complete coverage.

CONSERVATIVES TO HOLD RALLY AT LEGION HALL

On Tuesday October 3rd, the Progressive Conservative Association will hold a Rally at the Canadian Legion Hall in Haliburton.

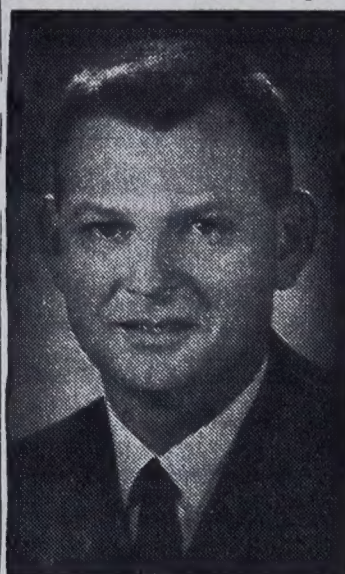

Guest speaker for the evening will be William S. Thomson of Oakville. Mr. Thompson is president of McPherson Thomson Ltd. Mr. Thomson comes as a well versed speaker, he served in the armed forces for seven years as Major, he is a 32nd degree mason, a past president of Rotary, a former member of the Oakville council, and is past president of the Progressive Conservative Association in Oakville.

Mervyn Everall

is a teacher of English and History at the Lindsay Collegiate and Vocational Institute.

Glen Hodgson needs very little introduction, he has been the standing member for the past four years. A native of Haliburton

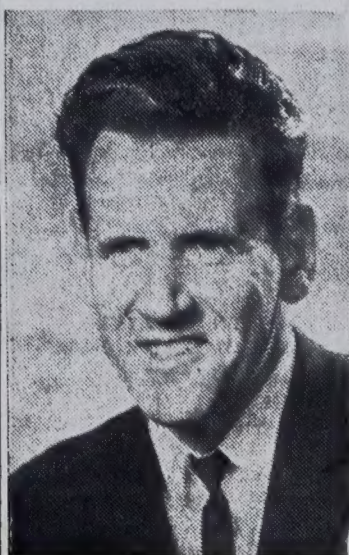

Glen Hodgson

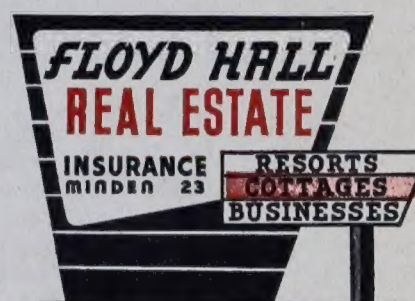

Liberal Candidate John Eakins needs no introduction in the Lindsay area for he is the Mayor in that thriving community to

Pictured above is new president of the Kinsmen Club, Don Crowe receiving a \$100 cheque from Audrey Northey, past president of the Kinettes, here in Minden.

HERE AND THERE

by FENWICK FINCH

After a few letters and several personal comments about the new title "Pot Shots" we have decided that most of the readers seemed to prefer "Here and There" and that's the way she's gonna stay.

* * *

During the past week we ran into quite a bit of mail. There was one letter though that hurt — I was cut to the quick. You know how the postal department has a rubber stamp they place on letters — "not known" it was addressed to "Fink" — that was adding insult to injury. Gad, the shame of it all.

* * *

The color is getting better every day — within the next week or ten days our scenery should be at its best. Be sure and visit the Highlands and enjoy our country. But — drive carefully so's you can enjoy for a long time to come.

* * *

During a recent visit to Dr. Koval's office I came across this little item; "How to practise mouth-to-mouth resuscitation without becoming emotionally involved."

* * *

Sitting in the subway in Toronto awhile back I was faced by a young lady in a mini-skirt. She kept having trouble keeping it down. As soon as she'd pull it down it would snap up again. After one particularly hard jerk she looked over at me and frowned.

"Don't bother stretching your threads" I told her, "my weakness is whiskey."

* * *

The Telegram had an insert this past week-end on "paper back books". One thing I learned from looking at the photographic efforts — "there ain't no men" ever read books — at least it didn't look like it.

* * *

With elections in the offing we will be subject to speeches and more speeches. I remember during the last election one of the candidates was speaking about conservation of the natural resources.

"I'd be willing to bet, "he exclaimed" that there isn't a person in this crowd who has ever done anything to help conserve our timber." No one spoke for a few seconds then one meek-looking spectator in the back stood up, raised his hand and said, "I once shot a woodpecker."

* * *

The G.M. Commercials have come and gone. Last Sunday night following Bonanza we were treated to pictures of the new G.M. models and some scenes — but not of Haliburton. These must be coming in the future. Watch for the Pontiac Commercials. If we get any more information on their showing we'll let you know.

* * *

A peculiar thing — when we were boys our theme was "when I become a man"; Now that we are men our theme is always the same when we gather, "When I was a boy." Looks to me like we miss a lot in this land of nowadays.

* * *

That's it for this week — drive carefully and enjoy the color — don't pile up your wheels and carry the colour yourself — black and blue.

Fenwick

RED CROSS SWIMMING CLASSES 1967 RESULTS

Once again a fine turn out for these classes, in spite of the wet and stormy weather in the early part of July.

The Water Safety committee wishes to thank our capable Instructor Miss Mary McCartney (McCartney) and her three Assistants, — Louis O'Neil, Susanne Deacon, and Judy Godin, for a job well done. Thank you David Samp for looking after the transportation and safety of our children during the month of July.

BEGINNERS CLASS

Susan Mirhady, Karen Moxam, Louise Fleming, Mark Fennell, Bob Fletcher, Colin Hewitt, Kelly Grier, Frank Chambers, Stephen Sherry, Lee Ann Scott, Michael Scott, John Palmer, Rosemary Lawrenson, Marie Collis, Martin Austin, Kelly Beene, David Brown, Shiela Elder, Shayne McKelvey, Corey Coneybeare, Neil Walker, Mary Snell, Carl Northey, Allan Northey, Ray Johnston, Ruth Johnston, Brenda House.

JUNIOR CLASS

Marnie Robinson, Lois Deacon, Lynn Hughes, Kirk Hewitt, Diane Austin, Rosemary Lawrenson, Donna Austin, Ken Stouffer, Tom Elder, Ginger Chambers, Jamie Chambers, Kim Chambers, Lori Northey, Mike Elder, Kim Collis.

INTERMEDIATE CLASS

Chris Minto, John Welch, Jim Delaney, Gaye Coneybeare, Paul Fleming, Kim Hewitt, Sherry Chambers.

SENIOR CLASS

Danny Chambers, Debbie Duncan, Kerry Delaney, Robert Wright, Cameron Brown, Bob Robinson.

SURVIVAL SWIMMING

Eleanor Madill, Anne Cox.

NEW KINMOUNT

RURAL MAIL ROUTE

The Honourable Jean-Pierre Cote, Postmaster General, announced to-day that a new rural route will be established at Kinmount, Ontario, to serve residents located along Highway No. 503 and will include the Furnace Falls and Irondale areas.

The new service, to be known as Kinmount Route No. 2 will be performed daily except Sunday and will benefit approximately 35 eligible families. This will involve the closing of the Irondale Post Office.

WATCH FOR SCHOOL BUSES

Now that school has started for another year, school bus safety is everyone's responsibility. We have several buses transporting children to our school here in Minden, as well as the buses travelling to Lutterworth and the High School in Haliburton.

Transporting school children by bus will reach an all-time high in Ontario during this year. Close to 7,000 buses, operated by nearly 18,000 drivers, will carry over 350,000 students to and from school every day.

For the protection of these young passengers, school buses and their drivers must meet rigid safety standards set by the Ontario Department of Transport. In addition, the Highway traffic Act set requires motorists to exercise particular care and caution when driving near a school bus.

In a further effort to reduce the possibility of school bus accidents, the Transport Department is sponsoring an all-out province-wide school bus safety drive, designed to reach every segment of the community.

To assist communities in school bus safety promotion activities the Department of Transport has issued kits of materials to school boards, school bus operators, municipal and provincial police and other interested people.

Kit materials include samples of classroom wall charts for children in different age groups and a poster for motorists, colouring books and take-home folders for youngsters, teaching guides, fact sheets, promotion tips for specific groups, and school bus safety patrol information. Film strips to be used as a teaching aid during classroom sessions with younger children are supplied on loan by the Department.

One fact sheet reminds motorists that all traffic is required to come to a complete stop when approaching from the front or overtaking from the rear a school bus when its red signal lights are flashing. Such traffic must remain stopped until the red signal lights are no longer flashing.

Simple, common sense safety rules for student passengers to be used by teachers are reminded that they also have a responsibility for ensuring that children know and obey the rules.

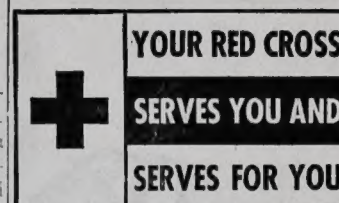

"School bus safety is everybody's responsibility," said Hon. Irwin Haskett, Ontario's Transport Minister in announcing the new program. Members and officials of boards of education, principals and teachers, school bus owners and drivers, motorists, police officers, parents and the children themselves — all have an important part to play. Teamwork and decisive action are vital ingredients for success in preventing school bus accidents.

Let's play our part in keeping the busses running and the children safe from injury.

HELP KINSMEN CLUB OF MINDEN

FIGHT CYSTIC FIBROSIS

Cystic Fibrosis is one of Canada's most crippling diseases among young Canadians. We can help defeat this by supporting your local Kinsmen Club, here in Minden, when they have their door to door canvass, October 27, to sell Halloween candy. The Kinsmen will be calling between the hours of 7 and 9 p.m. Please remember that C.F. is a children's disease and your dollars will help give some child the breath of life.

October 17

YOUR DATE WITH PROGRESS

It is four years since Premier John Robarts was given the honour of heading your provincial government.

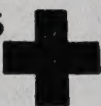

In that time, he and his Progressive Conservative associates have achieved a remarkable record of accomplishment.

New and improved highways, schools and hospitals. Higher wages and lower unemployment. Assistance for the farmer, protection for the consumer and bold steps forward in housing, transportation and medical insurance.

Good government... the Robarts government... deserves your support on October 17th.

LETTERS TO THE EDITOR

Wilberforce, Ont.

Sept. 25, 1967

Dear Sir,

I read in your paper for the week of Sept. 21st a letter from "A DELBERT WILLES" in which he made several statements which are far from the facts, he states that the "Otter Lakes" entertained the Council on Saturday September 16th until the wee hours of the morning, two statements which are incorrect, the meeting was between the Township of Monmouth Ratepayers Assoc. and the Council and it ended before 11 p.m. as to the theme song "Oh how I hate to pay taxes" this is hardly correct, but when you realize that taxes have gone up in one year nearly 50%, we figure its

time we have some say in the spending of our money, as you may not know there are about 70 Cottages on Otter Lake alone and not one pays less than \$60.00 a year or a total of \$4200 a year and we are requesting the Council to have an advance poll for voting so that the cottage people can vote without losing a days pay; this I think is reasonable enough, but Mr. Miller refused to sign our petition as he figures we are second class citizens and not entitled to vote, also I have been writing Weekly News Articles for the Haliburton Echo for two years and feel that I have become well enough known in this area and if there is any criticism of my writing it should at least be expressed in the Echo and not in a paper thirty miles away and I thank you for at least putting the name to the letter so I can see who my critics are.

Yours truly

(so called De Gaulle of the Otter Lake.)

C. W. Reudall

ROTARY CLUB BINGOS

DRAWING LARGE CROWDS

The Bingos sponsored by the Rotary Club of Minden have been drawing crowds at the Arena each Thursday evening.

Four Hundred Dollars is the jack-pot, and this week 58 members will be called to find a winner of the pot of gold. Twenty-one games are called altogether, with cash prizes for all.

Come to Bingo on Thursday evenings meet the crowd and join in on the fun — who knows you may be a lucky winner.

MINDEN LIBRARY COMMITTEE MEET

The Library Committee held their first fall meeting on Sept. 11 at Minden Library with all members present. A letter from the County Librarian was read and the local librarian gave the committee details of the Book Fair on Sept. 29 - 30 to be held at the Haliburton Secondary School.

The secretary was asked to write Don Campbell and J.O. Jackson regarding work to be done at Library.

The Librarian gave a very interesting report of the summer circulation and from all accounts reading is one past time that has

not gone out of style.

The committee will meet again in October.

ON LEAVE

A former resident of Minden has been visiting friends in the person of Russell Johnston of Malawi Africa. He has enjoyed a pleasant holiday in his two month, leave renewing old acquaintances and making new ones. He has been employed in Africa teaching the residents his skills in the lumbering business.

What's It All About?

by REV. JIM

A LOOK AT GOSSIP

Romans 12:1 — Therefore thou art inexcusable, O man, whosoever thou art that judgest another, thou condemnest thyself; for thou that judgest (condemns) doest the same things.

We have heard ministers preach on this text, explaining that Paul is saying that this means "the transference of guilt." They go on to say that the person who engages in gossip is in reality trying to get rid of their own guilt by gossiping about another. There is probably a lot of truth in what they say in their explanation of the text, but perhaps it would be well to spell out the meaning of this term "gossip".

GOSSIP IN MINDEN

When we first came to Minden we said "One thing we like about this town is the people do not gossip." But of course we didn't mean that the people of Minden do not talk about other people. Every town or city talks about other people. It would be a peculiar place if it did not engage in some talk about others. But there is a difference between gossip and condemning. Condemning we could say is malicious gossip. The kind of gossip that destroys. This sort of malicious gossip (to our mind) is not done to any great extent in this town. Perhaps the people of this town do not suffer from a need to transfer their guilt on to another.

EVIDENCE OF THE LACK OF GOSSIP IN MINDEN:

It has come to my attention that some people have gossiped about me. I can believe that people have gossiped about me. They do about every minister. I can believe that they have disagreed with somethings I have said and done. This is the privilege of every person, and they may be right. I however do not believe the people of Minden engage in malicious gossip about me or anyone else. If they did one would detect a sort of disturbance in their spirit whilst you fellowshiped with them. I do not detect this disturbance.

GOSSIP IN THE CHURCH

If we read the whole of this chapter we find Paul is talking to religious people, not the general populace. These people believe that salvation comes by obeying many rules. They are sincere in their belief but not honest in their assessment of themselves. They find it difficult to admit that they fall short of the very rules they believe, because of course this destroys their salvation. These are the people that try to get rid of their guilt by condemning another. Paul is not condemning them but simply leading up to the gospel message. It is not necessary to condemn another to get rid of guilt, all one has to do is trust in the mercy and love of God as revealed in the cross, for salvation. All churches have a few of these people. We have a few. They are not representative of the Christian faith. They have not quite learned of the mercy and love of God. We must not condemn them but learn to be patient with them. They are God's children and His spirit is at work in their hearts. They will learn, even as we all shall learn.

**FACULTY APPOINTMENT
 AT UNIVERSITY OF
 GUELPH**

Dr. Ward Chesworth has been appointed Assistant Professor of Geology Dr. W. C. Winegard, President of the University of Guelph, has announced.

Dr. Chesworth will be teaching Geology and Mineralogy in the Department of Soil Science, Ontario Agricultural College.

Born in Northwich, England, Dr. Chesworth received his B. Sc. degrees in Geology from Manchester University. He received his Ph.D. from McMaster University in 1967, specializing in mineralogy and geochemistry.

Dr. Chesworth has been at Pennsylvania State University during the past two years working on high pressure-high temperature experimental mineralogy.

Dean N.R. Richards, Ontario Agricultural College, stated Dr. Chesworth comes to the University following wide experience in geological mapping and geochemical prospecting in England and Ontario where he mapped a portion of the Haliburton Highlands.

Dr. Chesworth, his wife and their three children are now residing in Guelph.

WOODS, WATERS AND WILDLIFE

by JAMES WOODFORD

The joy of conservation is that after you've scared the living daylights out of yourself reading about air pollution, water pollution, overcrowding and 37 different and imaginative ways for the human race to kill itself off (without even counting nuclear warfare, fallout from atomic tests or mistakes in disposing of radioactive wastes) — after this fright you can return to the delights of all the lovely things that conservationists are trying to save and trying to create.

The peaceful and renewing beauty of the wilderness, with rivers full of trout and woods full of deer — the delight of a city which combines an imaginative use of a clean waterfront area, the best architecture our designers can create and green parks with flowers and places to play — nature reserves where city and suburban children can come to learn of their roots in the world of living things — lakes blue for swimming and air clear for breathing — these are joys of conservation.

It isn't just airplanes and astrolize that the earth is only a tiny ronomy that are making us reaball in space: biologists are also showing us that as living creatures we are completely depend-

ent upon nature — on the thin crust of living things that coats our ball in space and makes it so beautiful and miraculous. Mankind is becoming powerful enough to tamper with nature all over the globe, to kill all the other living things that don't suit his fancy, to pollute the earth until it could actually become unfit for human habitation. And where would we go then from our little ball in space?

Science which has made us capable of doing such terrible things, can also show us the way out: it can show us ways of recycling our wastes so they work for us rather than polluting our environment — it can show us how to work with nature for the good of humanity rather than destroying nature for short-term goals.

To do this knowledge of science must be used with a wisdom which builds and creates rather than destroys according to the ists. Does the human race have this kind of wisdom? Who knows? Maybe — the technological revolution is still very young, and we are still in a period of transition. But we need wisdom quickly because we are destroying and baly fast rate.

SOMERVILLE OPENS

CENTENNIAL PARK

Somerville Township residents turned out in full force Sunday afternoon for the official opening of the Somerville Centennial Park at Burnt River.

Victoria County Warden Jack Campbell cut the ribbon and officially declared the park open. Assisting in the ceremony were Reeve Maurice Watson and deputy-reeve Boyd Austin.

Games and rides were available for the children and free refreshments for all helped provide an enjoyable afternoon to mark this Centennial event for Somerville Township. Dignitaries in attendance and brought greetings from throughout the county were politicians. Present were the election candidates John Eakins, Mervyn Everall and Glen Hodgson as well as William Scott MP, and former MP Clayton Hodgson.

An interesting feature of the afternoon programme was the judging of Centennial costumes and Lindsay Reeve George Finney added an old time touch with his team and carriage from the mid 1800's.

The regular meeting of the Council of the Township of Somerville was held in the Municipal Hall. All members were in attendance.

A delegation from Mr. Tom Shanklands sub-division re closing up the road between Plans 442 & 434.

Council agrees to pay the sum of \$15.00 to Mr. H. Hilyer of Burnt River for one wolfe hide.

It was passed that the Council agrees to the opening of the 3rd Concession West of Highway 35.

Mr. F. Bannerman waited on Council re the condition of the 3rd. concession road condition in his sub-division.

By-Law 67-21 was given the first and second reading. Being

By-Law of the Corporation of the Township of Somerville for the stopping up of part of the allowance for road between lots 24 & 25 in the Front Range Concession in the Township of Somerville.

The council of the Township of Somerville opened their Centennial Park Sunday afternoon at 2:30 P.M. September 17, 1967. Victoria County Warden Mr. Jack Campbell snipped the red ribbon and declared the park Officially opened.

General Account in the amount of \$808.75 and Voucher no. 8 in the amount of \$7,427.39 were ordered paid.

The Council moved and seconded that this Meeting adjourn until Tuesday October 3rd. 1967.

KINETTE OFFICERS FOR 1967-68

At an election of officers night held recently the above took office. Back row from l to r Barb Elder, Mable Deacon, Ruth Ann Peacock, Peggy Brown, Linda McKnight Yvonne Nye. Front row Cathy Magee, President, Joan Mackenzie, Past president, Audry Northey.

ONTARIO COUNTY NDPS OPEN COMMITTEE ROOMS

A cheer went up as the New Democratic Party Committee Rooms were officially opened on Tuesday. At about 5 p.m. Allan McPhail, the New Democratic Party candidate for Ontario Riding broke a paper cup of coffee over the front door knob of the building at 68 Brock Street West in Uxbridge and declared it officially open.

Assisting Mr. McPhail were his campaign manager, Terry Downey; and his official agent, Jim White. Also present were Mike Fraser of Sainfield, Howard Johnson of Uxbridge, K. Larson of Sutton and Bill Cumpseh of Oshawa the Regional Director.

As he opened the building Allan McPhail said: "A new riding should have a new representative." He added facetiously, "I want to ease the shortage of first class doctors in Ontario, by returning Doctor Dymond to private practice."

AUTOMOBILE EXHAUST CONTROLS

MANDATORY WITH 1968 MODELS

The Honourable M.B. Dymond,
Ministre of Health, announced to-
day that the appropriate sections
of the Air Pollution Control Act
would be implemented requiring
that all 1969 model automobiles
sold in Ontario be equipped with
emission control devices.

Emission control devices cur-
rently in use in the United States
have been designed to function
primarily in the warmer climates.
The one model year lead time
will provide the manufacturers
with time to make whatever mod-
ifications are required to ensure
good engine performance in Ont-
ario and for the Province to set up
the required inspection and test-
ing facilities to ensure continued
compliance during the life of the
vehicle.

The Minister also noted that
a quick reliable inspection and
testing procedure, at a reason-
able cost, is not available as yet.
He added, however, that work
is actively proceeding along
these lines in an attempt to re-
solve this problem.
